

28 mil Chemical Resistant Neoprene Coated Latex Gloves

Features and Benefits

- Two in one. Multi-layer construction offers the chemical resistance of neoprene and the comfort of latex
- Extra thick protection for manufacturing, painting, and heavy duty cleaning
- Replace when yellow color shows through blue
- Moisture absorbent soft cotton flock lining for comfort and easy donning
- Embossed honeycomb texturing provides non-slip grip

Usage

Specifications

- FFDC A compliant, 21 CFR Parts 170-199
- Harmonization Code: 4015.19.1150
- Country of Origin: Sri Lanka
